### **MANAGEMENT INFORMATION CIRCULAR**

#### **PERSONS MAKING THE SOLICITATION**

This management information circular (“Circular”) is furnished in connection with the solicitation of proxies by the board of directors (“Board”) and management of DOT Resources Ltd. (the “Corporation”) to be used at the annual and special general meeting (“Meeting”) of the holders of common shares (“Common Shares”) of the Corporation, to be held in the Boardroom of the Corporation, #3, 4015 – 1st Street S.E., Calgary, Alberta, T2G 4X7, on Monday, December 22, 2014 at 11:00 a.m. Calgary time for the purposes set forth in the enclosed notice of annual and special general meeting (“Notice”).

The costs incurred in the preparation and mailing of both the instrument of proxy and this Circular will be borne by the Corporation. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Corporation who will not be directly compensated therefore.

**In accordance with National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer*, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Common Shares held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Corporation. The record date to determine the registered shareholders entitled to receive Notice of the Meeting is November 21, 2014 (the “Record Date”). This Circular and the information contained herein is dated effective as of the Record Date unless otherwise stated.**

#### **APPOINTMENT, VOTING AND REVOCATION OF PROXIES**

##### **Appointment**

The persons named (the “Management Designees”) in the accompanying instrument of proxy have been selected by the Board of the Corporation and have indicated their willingness to represent as proxy the shareholder who appoints them. Any shareholder has the right to appoint a person (who need not be a shareholder) other than the Management Designees to attend and to vote and act for and on behalf of such person at the Meeting. In order to do so the shareholder may insert the name of such person in the blank space provided in the instrument of proxy, or may use another appropriate form of instrument of proxy. Such shareholder should notify the nominee of the appointment, obtain consent to act as proxy and provide instructions on how the shareholder’s Common Shares are to be voted. All instruments of proxy must be deposited with the Corporation’s Registrar and Transfer Agent, Computershare Trust Company of Canada, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 not later than forty eight (48) hours (excluding Saturdays, Sundays and holidays) prior to the Meeting or any adjournment thereof. The Chairman of the Meeting in his sole discretion may refuse to recognize any instrument of proxy received after such time.

##### **Voting**

Common Shares represented by any properly executed instrument of proxy in the accompanying form will be voted or withheld from voting on any ballot that may be called for in accordance with the instructions given by the shareholder. **In the absence of such direction, such Common Shares will be voted in favour of the matters set out herein.**

**The accompanying instrument of proxy confers discretionary authority on the Management Designees with respect to amendments or variations to matters identified in the Notice of Meeting or other matters that may properly come before the Meeting. As of the date hereof, management of the Corporation is not aware of any such amendments, variations or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of management of the Corporation.**

### **Revocation**

In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy by an instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing and deposited either at the registered office of the Corporation, Centennial Place, East Tower, 1900, 520 Third Avenue S.W., Calgary, AB, Canada T2P 0R3, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment thereof.

## **VOTING SHARES AND PRINCIPAL HOLDERS THEREOF**

### **Beneficial Holders**

**The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold Common Shares in their own name.** Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to herein as "Beneficial Shareholders") should note that only proxies deposited by shareholders who appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, not be registered in the shareholder's name. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depositary Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such Common Shares are registered under the name Cede & Co., the registration name for The Depositary Trust Company, which acts as nominees for many United States brokerage firms. Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("Broadridge") in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form of instrument of proxy to vote Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxy holder for the registered shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder, should enter their own names in the blank space on the form of instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Circular, the accompanying instrument of proxy and the Notice are to registered shareholders unless specifically stated otherwise.

### **Registered Shareholders**

Registered holders of Common Shares as shown on the shareholders' list prepared as of the Record Date will be entitled to vote such shares at the Meeting on the basis of one vote for each Common Share held, except to the extent that the person has transferred the ownership of any of his or her Common Shares after the Record Date, and the transferee of those shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares, and demands, not later than ten (10) days before the Meeting, or shorter period before the Meeting that the by-laws of the Corporation may provide, that his or her name be included in the list before the Meeting, in which case the transferee is entitled to vote his Common Shares at the Meeting.

As of the Record Date, 55,734,333 of the Corporation's unlimited authorized voting Common Shares were issued and outstanding. The Corporation is also authorized to issue an unlimited number of preferred shares, none of which are issued. In addition, there are 2,975,000 Common Shares reserved for issuance upon proper exercise of previously granted stock options.

The following table sets forth as of the Record Date with respect to persons or entities who to the knowledge of the Board and Executive Officers beneficially own, directly or indirectly, or exercise control or direction over, voting securities carrying more than ten (10%) per cent of the voting rights attached to all outstanding voting securities of the Corporation.

<u>Name and Municipality of Residence</u>	<u>Nature of Ownership</u>	<u>Number and Percentage of Common Shares Held or Controlled as of the Date Hereof</u>
Alhambra Resources Ltd.	Direct	15,000,001 (26.91%)

### **QUORUM REQUIREMENT**

Pursuant to paragraph 10.10 of By-Law No. 1, a quorum for the transaction of business at the Meeting shall be at least two (2) persons present in person or represented by proxy and representing not less than five percent (5%) of the outstanding Common Shares of the Corporation entitled to vote at the Meeting.

### **STATEMENT OF EXECUTIVE COMPENSATION**

#### **COMPENSATION DISCUSSION AND ANALYSIS**

##### **Overview**

The Compensation Committee (the "CC") is responsible for determining the overall compensation strategy of the Corporation and administering the Corporation's executive compensation program. As part of its mandate, the CC approves the appointment and remuneration of the Corporation's Executive Officers, including the Corporation's Named Executive Officers identified in the Summary Compensation Table. The CC is also responsible for reviewing the Corporation's compensation policies and guidelines generally.

## **Objectives of Compensation Program**

It is the objective of the executive compensation program to attract and retain highly qualified executives and to link incentive compensation to performance and shareholder value, while at the same time keeping in mind that the Corporation currently has limited financial resources. It is the goal of the CC to endeavor to ensure that the compensation of Executive Officers is sufficiently competitive to achieve the objectives of the executive compensation program. The CC gives consideration to the Corporation's long-term interests and quantitative financial objectives, as well to the qualitative aspects of the individual's performance and achievements.

## **Role of Executive Officers in Compensation Decisions**

The CC receives and reviews recommendations of the Chairman and Chief Executive Officer relating to the general compensation structure and policies and programs for the Corporation and the salary and benefit levels for the Executive Officers.

## **Principal Components of Compensation Program**

The executive compensation program is comprised of two principal components: base salaries and incentive stock option plan which are designed to provide a combination of cash and equity-based compensation to effectively retain and motivate the Executive Officers to achieve the corporate goals and objectives. Other components of the executive compensation program include perquisites and other personal benefits. Each component of the executive compensation program is addressed separately below.

### **Base Salaries**

Salaries for Executive Officers are reviewed annually based on corporate and personal performance and on individual levels of responsibility. Salaries of the Executive Officers are not determined based on benchmarks or a specific formula. The CC submits its recommendation to the full board of directors as to salary of the Chairman and Chief Executive Officer. The CC considers, and, if thought appropriate, approves salaries recommended by the Chairman and Chief Executive Officer for the other Executive Officers of the Corporation. Given the current size of the Corporation and limited financial resources, no base salaries were paid to Executive Officers during the last completed financial year nor are any base salaries expected to be paid in the immediate future.

### **Stock Option Plan**

A rolling incentive share option plan for directors, officers, key employees and consultants of the Corporation was approved by the shareholders of the Corporation at the annual and special general meeting of the shareholders held on September 26, 2013 ("Plan"). The Plan provides that options will be issued pursuant to option agreements ("Option Agreements") which shall provide for the expiration of such options on a date not later than five (5) years after the issuance of such option. A maximum number of Common Shares equal to ten percent (10%) of the issued and outstanding Common Shares, from time to time, may be reserved for issuance under the Plan provided that options may not be granted in any twelve (12) month period to an individual to purchase in excess of five percent (5%) of the then outstanding Common Shares unless disinterested shareholder approval is obtained. Options issued pursuant to the Plan shall have an exercise price determined by the directors of the Corporation, provided that the exercise price shall not be less than the price permitted by the TSX Venture Exchange Inc. ("Exchange").

Subject to the particular provisions of any Option Agreements, options granted under the Plan are non transferable and expire at the earlier of five (5) years from the date of grant or ninety (90) days from the date the optionee ceases to be an officer, director, employee or consultant of the Corporation. In the event of death of an optionee, options held by the estate of such optionee shall expire at the earlier of five (5) years from the date of grant or one (1) year from the date of ceasing to be an officer, director, employee or consultant of the Corporation due to death.

In accordance with the policies of the Exchange, rolling stock option plans similar to the Corporation's Plan must be renewed and approved on an annual basis. The board of directors have resolved by resolution dated effective November 20, 2014 to renew the Plan upon the same terms and conditions as the existing Plan. See "Particulars of Matters to be Acted Upon - Approval of Stock Option Plan".

The CC administers the incentive stock option plan that is designed to provide a long-term incentive that is linked to shareholder value. The CC determines the number of options to be granted to each Executive Officer or employees based on the level of responsibility and experience required for the position. The CC regularly reviews and where appropriate adjusts the number of options granted to individual Executive Officers and employees. The CC sets the number of options as appropriate designed to attract and retain qualified and talented employees.

The Corporation granted stock options to purchase 1,050,000 Common Shares of the Corporation to Executive Officers, as well as 875,000 Common Shares of the Corporation to directors who were not also Executive Officers during the most recently completed financial year ended December 31, 2013.

### **Perquisites and Other Components**

Other components of compensation include perquisites and personal benefits as determined by the CC that are consistent with the overall compensation strategy. There is no formula for how perquisites or personal benefits are utilized in the total compensation package.

The Corporation does not provide any pension or retirement benefits to its Executive Officers.

### *Benchmarks*

Salaries of the Executive Officers are not determined based on benchmarks or a specific formula.

### **Risks Associated with Compensation Policies and Practices**

The oversight and administration of the Corporation's executive compensation program requires the CC to consider risks associated with the Corporation's compensation policies and practices. Potential risks associated with compensation policies and compensation awards are considered at annual meetings of the CC at which compensation related recommendations to the Board are formulated.

The Corporation's executive compensation policies and practices are intended to align management incentives with the long-term interests of the Corporation and its shareholders. In each case, the Corporation seeks an appropriate balance of risk and reward. Practices that are designed to avoid inappropriate or excessive risks include (i) the Corporation's operating strategy and related compensation philosophy, (ii) the effective balance, in each case, between cash and equity mix, near-term and long-term focus, corporate and individual performance, and financial and non-financial performance; and (iii) a multi-faceted approach to performance evaluation and compensation that does not reward an executive for engaging in risky behaviour to achieve one objective to the detriment of other objectives.

Based on this review, the CC believes that the Corporation's total executive compensation program does not encourage executive officers to take unnecessary or excessive risk.

The Corporation does not prohibit the Named Executive Officers (as defined below) or the directors of the Corporation from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by such person. The Named Executive Officers and directors have advised the Corporation that they have not entered into any such arrangements. To the extent that they subsequently enter into an agreement, arrangement or understanding that has the effect of altering, directly or indirectly, their economic exposure to the Corporation, insider reporting laws in Canada provide that they must file a report disclosing the existence and material terms of the agreement, arrangement or understanding within five days of the event.

### **OPTION-BASED AWARDS**

A description of the process that the Corporation uses to grant option-based awards to Executive Officers including the role of the CC and Executive Officers, see the description under the "*Compensation Discussion and Analysis – Elements of Compensation – Stock Option Plan.*" Also for an additional description of the stock option plans of the Corporation see "*Securities Authorized for Issuance Under Equity Compensation Plans.*"

## COMPENSATION GOVERNANCE

The policies and practices adopted by the Board to determine the compensation of the Corporation's executive officers and directors is described under "*Statement of Executive Compensation – Compensation Discussion and Analysis*".

The CC is comprised of three directors, Mr. Gordon L. Levang (Chairman), Mr. James S. Bunyan, and Mr. Graham A. Karklin, all of whom are independent. The skills and experience of each Committee member in executive compensation that is relevant to his responsibilities and the making of decisions on the suitability of the Corporation's compensation policies and practices are as follows:

Gordon L. Levang (Chairman)	Extensive managerial experience; experience in recruiting skilled personnel for various companies of mineral extraction industry; experience of working with industry consultants in the field of executive compensation.
James S. Bunyan	Extensive resources extraction industry experience; board membership with a number of public companies in the mining industry; knowledge of mining industry standards and expectations.
Graham A. Karklin	Extensive mining industry experience with the world leading mining companies and knowledge of their compensation policies; mine management experience; knowledge of mining industry standards and expectations.

The CC's mandate is to review the compensation policies of the Corporation. See "*Governance – Compensation*".

## SUMMARY COMPENSATION

Securities legislation requires the disclosure of compensation received by each "Named Executive Officer" of the Corporation for the most recently completed financial year. "Named Executive Officer" is defined by the legislation to mean (i) each of Chief Executive Officer and Chief Financial Officer of the Corporation (ii) each of the Corporation's three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year and whose total compensation exceeds \$150,000, and (iii) any additional individual for whom disclosure would have been provided under (ii) but for the fact that the individual was not serving as an executive officer of the Corporation at the end of the most recently completed financial year end of the Corporation.

"Executive Officer" is defined by the legislation to mean (i) the chair, vice-chair or president of the Corporation, (ii) a vice-president of the Corporation in charge of a principal business unit, division or function including sales, finance or production, or (iii) an individual performing a policy-making function in respect of the Corporation.

The following table sets forth a summary of all compensation for services paid during the three most recently completed financial years that end on or after December 31, 2011 for Named Executive Officers, namely John J. Komarnicki, Chairman and Chief Executive Officer and Donald D. McKechnie, Vice President, Finance and Chief Financial Officer.

**Notes:**

- (1) Includes the Chief Executive Officer, Chief Financial Officer and each of the three most highly compensated executive officers, whose total salary and bonus exceeds \$150,000.
- (2) The Corporation uses the fair value method of accounting for stock options granted. The fair value of employee stock options is estimated on the date of grant and the resulting fair value is recorded as an expense over the vesting period of the stock option. The fair value of non-employee stock options is revalued each reporting date with the change in fair value of the unvested options expensed over the remaining vesting period. In determining the fair value of the stock options granted, the Black-Scholes model is used and assumptions regarding interest rates, underlying volatility of the Corporation's stock and expected life of the options are made.

The Contract provides for a monthly remuneration of \$20,000 plus all reasonable out of pocket expenses and is for an indefinite term but may be terminated by either party upon providing thirty (30) days prior written notice. Effective January 1, 2011, the Corporation suspended

invoicing DOT the monthly remuneration under the Contract. During the year ended December 31, 2013 the Corporation paid expenses on behalf of the Corporation totaling \$29,793 which brought the amount owing under the Contract as of December 31, 2013 to \$400,735. During 2013, Alhambra advanced DOT \$Nil to assist DOT with its outstanding obligations while DOT is contemplating various options regarding the financing of its exploration plans and working capital requirements which brought the total advances made to December 31, 2013 to \$406,200. The advances are non-interest bearing. Alhambra is related by way of common directors and management and owns approximately 27% of the outstanding common shares of DOT.

Except as otherwise set forth above, during the most recently completed financial year, no management functions of the Corporation were to any substantial degree performed by a person or company other than the directors or Executive Officers (or private companies controlled by them, either directly or indirectly) of the Corporation.

### **GOVERNANCE**

#### **General**

The Board of the Corporation views effective corporate governance as an essential element for the effective and efficient operation of the Corporation and is in the best interest of its shareholders. The Corporation strives to ensure that its corporate governance policies and practices provide for effective stewardship of the Corporation. The Corporation's principle objective in directing and managing its business and affairs is to enhance shareholder value. The Corporation believes that effective corporate governance improves corporate performance and benefits all of its shareholders.

On June 30, 2005, the Canadian Securities Administrators ("CSA") adopted rules regarding corporate governance best practices and amendments to the rules relating to audit committees, through the implementation of National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("NI 58-101"), National Policy 58-201 -

*Corporate Governance Guidelines* (“NP 58-201”) and amendments to Multilateral Instrument 52-101 - *Audit Committees* (“MI 52-101”).

This statement of corporate governance practices sets out the Board’s review of the Corporation’s governance practices relative to NI 58-101 and NP 58-201.

### **Board of Directors**

The Board, which is responsible for supervising the management of the business and affairs of the Corporation, is currently comprised of five (5) directors, of which four (4) are independent directors. An “independent director” generally is one who has no direct or indirect material relationship with the Corporation. A material relationship is a relationship, which would, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgment. The definition of the independence in NI 58-101 is the same as the definition set forth in MI 52-110. Following the Meeting, it is anticipated that the composition of the Board will remain the same. The independent directors include James S. Bunyan, Graham A. Karklin, Gordon L. Levang, and Frank L. Wells. The Chairman and Chief Executive Officer of the Corporation, John J. Komarnicki, is not independent by virtue of being a member of the Corporation’s management.

The terms of reference for the Board provide that the Board’s primary responsibility is to foster the long-term success of the Corporation consistent with the Board’s responsibility to the shareholders to maximize shareholder value.

The Board has plenary power to manage and supervise the management of the business and affairs of the Corporation and to act in the best interest of the Corporation. The Board is responsible for the overall stewardship of the Corporation and, in discharging this responsibility, reviews, approves and provides guidelines in respect of the strategic planning of the Corporation and reviews the progress of strategic planning as it occurs. The Board approves all significant decisions that affect the Corporation and its subsidiaries before they are implemented. The Board also considers their implementation and reviews the results.

The Board operates by delegating certain of its authorities including spending authorizations, to management and by reserving certain powers to itself. Subject to statutory legal obligations and to the articles and bylaws of the Corporation, the Board retains the responsibility for managing its own affairs, including planning its composition in size, nominating candidates for election to the Board, appointing committees, determining director compensation and assessing the effectiveness of the Board, committees and directors in fulfilling their responsibilities.

The Board has the responsibility to participate with management in the development of and ultimately approve the Corporation’s strategic plan, to approve an annual business plan, to approve an annual capital and operating budget, to approve the entering into, or withholding from, lines of businesses that are, or are likely to be, material to the Corporation, approve material divestitures and acquisitions, and monitor the Corporation’s progress toward its goals, and to advise and alter its directions for management in light of changing circumstances. The Board is actively involved in the Corporation’s strategic planning process. In addition to discussing and reviewing materials related to strategic planning, the Board has implemented a formal process for the adoption of an annual capital and operating budget. At least one board meeting each year is devoted to discussion and considering the strategic plan, which takes into account principal risks and opportunities of the business. Management must seek the Board’s prior approval for any material transaction that would have a significant deviation from the strategic plan.

The Chairman presides at each meeting of the Board and is responsible for coordinating with the management and the Corporate Secretary to insure that documents are delivered to directors in sufficient time in advance of Board meetings for a thorough review, that matters are properly presented for the Board's consideration at meetings, and that the Board has an appropriate opportunity to discuss issues at each meeting. The Chairman is responsible for communicating with each Board member, ensuring that each director has the opportunity to be heard, that each director is accountable to the Board, and that the Board and each committee is discharging its duties.

### Orientation and Continuing Education

Given the current size of the Corporation and the Board, the Corporation provides a limited orientation and education program for new directors. This process includes discussions with the Chairman and Chief Executive Officer and senior management with respect to the business and operation of the Corporation. In addition, each member of the Board and any new member of the Board are provided with the constating documents of the Corporation, as well as the terms of reference or mandates for the Board, and for each committee of the Board and formal policies related to public disclosure and communication and insider trading and reporting. Each new Board member is also entitled to review all previous minutes of the Board and the shareholders.

The Corporation arranges for presentations to be made to the Board and each committee of the Board to inform directors regarding corporate developments and changes in legal, regulatory and industry requirements affecting the Corporation. As well, directors are encouraged to visit the Corporation's operating sites and facilities, to interact with management and employees and to stay abreast of industry developments and the evolving business of the Corporation.

Directors or group of directors may also engage outside advisors, at the Corporation's expense, to provide advice with respect to a decision or action of the Corporation upon providing notice thereof to the Corporation.

### Ethical Business Conduct

In order to encourage and promote a culture of ethical business conduct, the Board has adopted specific terms of reference relating to matters concerning duties and responsibilities of members of the Board and general legal obligations. In addition thereto, the Board has established specific terms of reference for the conduct of each individual director which provides that each director must fulfill the legal requirements and obligations of a director, which includes and understanding of the statutory and fiduciary roles of a director, as well as always insuring that the best overall interest of the Corporation is paramount. ### **Nomination of Directors**

Nominees for directors are initially considered and recommended by the Corporate Governance Committee with input from the Chairman and then approved by the entire Board and elected annually by the shareholders of the Corporation. A majority of the directors comprising the Board must qualify as independent directors (i.e. a director who is independent of management are free of any interest in any business or other relationship that could interfere materially with that person's ability to act in the best interest of the Corporation). Certain of the responsibilities of the Board may be delegated to committees of the Board. The responsibility of these committees are set forth in specific terms of reference, as amended from time to time.

Five (5) members are to be nominated for election to the Board. The Board must have a sufficient number of directors to carry out its duties efficiently, presenting a diversity of views and experience. The Board reviews the contributions of the directors and considers whether the current size of the Board promotes effectiveness and efficiency, and currently believes that the appropriate size of the Board is five (5) members.

**2. Administration**

The Plan shall be administered by the Board of Directors of the Corporation or by a special committee of the directors appointed from time to time by the Board of Directors of the Corporation pursuant to rules of procedure fixed by the Board of Directors (such committee or, if no such committee is appointed, the Board of Directors of the Corporation, is hereinafter referred to as the "**Board**"). Unexercised Options may be surrendered in whole or in part from time to time by delivery to the Corporation at its head office of a written notice of surrender specifying the number of Shares with respect to which the unexercised Options are being surrendered. Upon the surrender of unexercised Options as aforesaid, the Corporation shall use its reasonable efforts to forthwith deliver to the relevant Participant (or his personal representative, if applicable) or to the order thereof, payment of the Settlement Amount (net of any amounts required to be withheld under applicable withholding legislation) by way of cheque or otherwise in a manner acceptable to the Corporation.

### **16. Adjustments**

If the outstanding common shares of the Corporation are increased, decreased, changed into or exchanged for a different number or kind of shares or securities of the Corporation or another corporation or entity through re-organization, merger, re-capitalization, re-classification, stock dividend, subdivision or consolidation, any adjustments relating to the Shares optioned or issued on exercise of options and the exercise price per Share as set forth in the respective stock option agreements shall be made in accordance to the terms of such agreements.

Adjustments under this Section shall be made by the Board whose determination as to what adjustments shall be made, and the extent thereof, shall be final, binding and conclusive. No fractional Share shall be required to be issued under the Plan on any such adjustment.

### **17. Transferability**

All benefits, rights and options accruing to any Participant in accordance with the terms and conditions of the Plan shall not be transferable or assignable unless specifically provided herein or the extent, if any, permitted by the Exchange. During the lifetime of a Participant any benefits, rights and options may only be exercised by the Participant.

**18. Amendment and Termination of Plan**

Subject to applicable approval of the Exchange, the Board may, at any time, suspend or terminate the Plan. Subject to applicable approval of the Exchange, the Board may also at any time amend or revise the terms of the Plan; provided that no such amendment or revision shall result in a material adverse change to the terms of any options theretofore granted under the Plan, unless shareholder approval, or disinterested shareholder approval, as the case may be, is obtained for such amendment or revision.

**19. Necessary Approvals**

The ability of a Participant to exercise options and the obligation of the Corporation to issue and deliver Shares in accordance with the Plan is subject to any approvals which may be required from shareholders of the Corporation and any regulatory authority or stock exchange having jurisdiction over the securities of the Corporation. The Plan has been adopted by the Board of the Corporation subject to the approval of the Exchange and, if so approved, subject to the discretion of the Board, the Plan shall become effective upon such approvals being obtained.

**21. Interpretation**
