

DOT Resources Ltd.

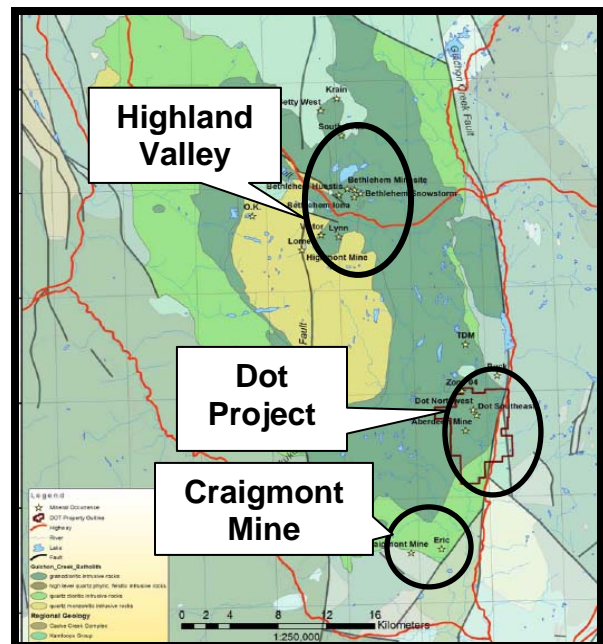

CORPORATE PROFILE October 2011

DOT Resources Ltd. (DOT-TSX.V) is a Canadian based copper-gold exploration corporation focused on exploring and developing its 100% owned porphyry copper property located 17 kilometres south of the Highland Valley Mining District in central British Columbia, Canada. An independent National Instrument 43-101 resource report dated November 30, 2010 estimated Dot's current resources as of November 30, 2010. The Corporation's objective is to increase resources through drilling. Dot's 2009/10 drilling program lead to a new copper discovery and was successful in intersecting significantly higher concentrations of copper-gold and silver leading to a 19% increase in indicated resources and a 79% increase in inferred resources.
